

Wills & Personal Planning Resources

Make a Will Week in BC encourages residents to make or update their will. A will is a document that leaves instructions about what you want done with everything you own after you die and appoints someone to administer your estate. Personal planning documents, such as representation agreements and powers of attorney, appoint people to make financial, legal, and healthcare decisions for you in the event you become unable to make decisions yourself.

This document introduces some resources that can help when making a will or personal planning documents in BC. To find a more complete list of resources, including clickable links, check out our online guide: <https://bit.ly/456Tn3C>

Clicklaw: A directory of plain language legal resources in BC, Clicklaw links to many resources to help make a will. Common Questions bring together helpful resources on particular topics, including making a will or deciding on the appropriate personal planning document.
